Re: BZA Application No. 17530
3930 Huntington street NW

Dear Ms. Kress,

This letter confirms that ANC3E supports the application of the BZA Case number 17530, the Brown/Rifkind residence (hereafter known as the Applicants).

This ANC finds merit in their proposed addition for the following reasons:

The Applicants have the full support of their surrounding neighbors, and

The Applicants have a clear need to enlarge their home, and

The addition will be consistent with the character of the existing 1920's structure with "hard plank" concrete siding that matches the profile of the existing wood lap siding.

During a public meeting on Thursday, September 12, 2005, with a quorum present, ANC3E voted unanimously (4-0) to support the Applicants' request. If you have any questions, please feel free to use the contact information listed below.

Very Respectfully,

Lucy Eldridge
