Resolution Regarding DDOT Notice of Intent 14-208-TOA regarding the intersection of 43rd Street and Alton Place NW

Whereas, the intersection of 43rd Street and Alton Place NW has been reviewed by the District Department of Transportation (DDOT), and

Whereas, at the present time, this intersection is only controlled by a stop sign on Alton Place, and

Whereas, pedestrians and vehicles crossing 43rd Street may not be visible to northbound and southbound traffic on 43rd Street due to lack of lighting and to parked cars and trees; and

Whereas, this intersection is heavily used by residents walking to and from the Metro and Wisconsin Avenue business district and by Janney students and family walking to and from school; and

Whereas, DDOT has proposed to add stop signs for northbound and southbound traffic on 43rd Street to improve safety for pedestrians and drivers.

Now therefore be it resolved, ANC 3E supports the immediate erection of stop signs for northbound and southbound traffic at 43rd Street. In addition, ANC 3E urges DDOT to consider implementing additional safety measures on 43rd Street, including but not limited to, improved lighting and maintenance to ensure better visibility of existing and new signage on and around Alton Place and 43rd Street.

ANC 3E approved this resolution at its meeting on January 8, 2015, which was properly noticed and at which a quorum was present. The resolution was approved by a vote of 5-0-0. Commissioners Jonathan Bender, Amy Hall, Jonathan McHugh, Tom Quinn and Anne Wallace were present.
