Resolution Supporting the Request by the National Presbyterian School, BZA Application No. 18426-A.

Whereas: On June 12, 2012, the National Presbyterian School (“NPS”) came before the ANC requesting permission to renovate and expand its facilities, and made promises in writing and representations before the ANC and community,

Whereas: NPS has subsequently decided to adjust its original plans for renovation, reducing the scope of the project,

Whereas: The incremental burden likely to occur if the application is granted remains small, though not trivial.

Whereas: NPS entered into a supplemental voluntary agreement (on October 11, 2012) under which it has agreed to provide certain benefits to the community in partial compensation and mitigation for the burden the increased enrollment would impose on the community.

Therefore be it resolved:

ANC 3E supports the National Presbyterian School's revised application before the BZA, 18426-A.

ANC 3E approved this resolution at a publicly held meeting on November 14, 2013, which was properly noticed and at which a quorum was present. The resolution was approved by a vote of 4-0-0. Commissioners Bender, Frumin, Quinn, and Tinker were present.
