### **Minutes of ANC 3E June 16, 2011 Meeting**

The meeting convened at 7:40 pm. Commissioners Bender, Frumin, Quinn, Serebin, and Sklover were present.

#### **Announcements and Open Forum**

A community member living on Fessenden Street just off Wisconsin Avenue expressed concern about problems associated with (presumably) homeless individuals living in the triangle park there, including the trash, public urination and defecation, and safety concerns.

Another community member raised concerns regarding trash in public space, the cause of which is not always identifiable, including raccoons and vandalism.

#### **Crime Report**

MPD reported that there has been a reduction in burglaries and robberies.

#### **Presentation and Vote on request by Lord and Taylor representatives for extension from the BZA regarding the Home Plate Lot**

National Realty & Development Corp. (NRDC), which owns Lord & Taylor, previously obtained a special exception permitting it to build a group of stores on the parking lot across from the entrance to the Friendship Heights Lord and Taylor (known as the "Home Plate Lot"). NRDC seeks an extension from BZA because economic conditions have prevented it from moving forward with the project. The Commission voted unanimously to support NRDC's request.

#### **Presentation and Vote on Crime Impact Statement**

Commissioners unanimously approved in principle a community impact statement to be presented in connection with the sentencing of perpetrators in several armed robberies and assaults in the Friendship Heights area. Commissioner Quinn was tasked with revising the statement to address specific concerns commissioners raised at the meeting.

### **Discussion and Vote on Resolution Regarding Fencing at Chevy Chase park**

After discussion, the commission unanimously passed a resolution that requested no additional fencing be required in connection with morning dog usage of the field at Chevy Chase Park.

### **Discussion Regarding Chevy Chase Dog Group Grant**

The commission voted unanimously to table the grant for the Chevy Chase Dog Group until all remaining issues related to the grant had been worked out with DPR.

### **Discussion and Vote on Resolution regarding the AU Campus plan**

The commission discussed at length American University's campus plan and possible language for inclusion in a resolution regarding the plan. Afterwards, the commission unanimously passed a resolution that addressed numerous issues associated with the plan.

The commission adjourned at 11:40pm.
