**Re: Establishment of No Turn on Red restrictions at selected signalized intersections
NOI #18-227-TOA**

Pursuant to the "Administrative Procedure Amendment Act of 2000" D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following modifications in your jurisdiction.

Prohibit Right Turn on Red at the following Intersections:

- See attached Table

In support of the District's commitment to Mayor Bowser's Vision Zero goal, DDOT will be prohibiting right turns on red at 101 signalized intersections across the city. Intersections were identified based on factors and criteria identified in the federally mandated Manual on Uniform Traffic Control Devices (MUTCD) and the District of Columbia Municipal Regulation, DCMR §18-4013, including the complexity and geometrics of the intersection, the level of pedestrian activity and potential for significant conflicts, the proximity to pedestrian generators (such as schools or Metro stations), as well as crash history.

All comments on this subject matter must be filed in writing by February 6, 2019 (thirty business days after the date of this notice), with the District Department of Transportation, Transportation Operations Administration at 55 M Street, SE, Washington, D.C. 20003. Comments may also be submitted by email to our Vision Zero team at vision.zero@dc.gov. If you would like to check the status of this Notice of Intent (NOI), please visit DDOT's website at: <http://ddot.dc.gov/service/ddot-notice-intent>

Sincerely,

Jeff Marootian
Director
District Department of Transportation

Prohibit Right Turn on Red at the following Intersections:
