GRANT APPLICATION

Grants are available only to non-profit organizations; individuals may not apply. Applicant organizations must provide services to residents of ANC 3E. Within 60 days of the issuance of any grant, the grantee must provide to the Commission a statement as to the use of the funds consistent with the grant application, complete with receipts that support the expenditures. Grants may be submitted by e-mail to sherryacohen@gmail.com or mailed to ANC 3E c/o: The Lisner-Louise-Dickson-Hurt Home at the address above.

Please complete all items. Incomplete applications will be returned and not considered. Attach additional pages if needed.

1. Applicant Organization Name Wilson High School Physics Lab Update as Part of Wilson HS PTSO

Address 3950 Chesapeake St, NW

Washington, DC 20016

Contact Person Travis Hartberger Telephone 202-282-0120

Fax _____

e-mail travis.hartberger@dc.gov

2. Project Information

Name of Project Wilson High School Physics Lab Update

Description of Project The lab equipment, specifically sensors that measure speed, acceleration, force,

angular speed, and pressure waves. Currently, equipment that allows student to collect this type of data either does

exist or is well over a decade out-of-date (obsolete). Therefore, this project will provide a much needed upgrade of

lab equipment that will benefit every student at Woodrow Wilson High School. As a result of Wilson's work toward

equitable learning opportunities and expectations, this will enhance the learning experience will impact every student.

Location of Project Woodrow Wilson High School Physics Labs / Classrooms

Total Project Cost \$6815.00 Grant Request \$2084.40

Where will additional funds needed to complete the project come from? _____

Woodrow Wilson High School PTSO Strategic Grant and ANC3B Grant

Describe the benefits to the residents of ANC 3E

Woodrow Wilson High School has progressively offered Honors for All for students in Biology (SY17-18), Chemistry (SY18-19), and Physics (SY19-20). As a result of this equity work, this project will impact every student in his/her junior year at Wilson. More specifically, the lab equipment will empower students to collect data in real-world situations; and, will increase the efficiency of data collection. As a result of this more expansive and efficient data collection, students will have more instructional time to make meaning of and develop more robust explanations of physical phenomena.

Attach a complete budget for the proposed project.

The expenses must be incurred within 60 days of receipt of funds or a signed contract must be submitted to the Commission. Once the contracted services are complete, which should be done within 6 months from receipt of funds, the grantee must forward a copy of a paid receipt to the Commission. The funds may not be used for routine expenses.

As a duly authorized representative of the Applicant, I submit this grant request.
