^{2/} **Email exchange making clear to SVWHCA that WPHC is not represented by SVWHCA**

Hi Claire,

Per your request, Chuck forwarded to his ANC colleagues the email (pasted below) from WPHC to SVWHCA and NLC. At the January 25, 2018 zoning commission hearing on ZC 16-23 (Valor), SVWHCA testified under oath that they consider all residents of Spring Valley and Wesley Heights to be members of their organization. In their Articles of Incorporation filed with the DC government, they include Westover Place in their membership. They further testified that SVWHCA has 3,000 households as members. As you certainly know, this is laughable. Their boundaries contain fewer than 1,500 households, including 149 Westover homes.

For your reference, the video of the cross-examination is at the following link, starting at 1:37:00: <http://view.earthchannel.com/PlayerController.aspx?PGD=dczoning&iID=5155>

In response to questioning from Jonathan McHugh (3E) and myself, SVWHCA was asked to provide to the Zoning Commission a membership list. The parties to the case are going to be given a chance to respond to this submission. Can 3E include the email chain pasted below in their submission? I think it important to include since it specifies that WPHC is 149 homes and asks SVWHCA to refrain from asserting Westover as a member of SVWHCA.

All the best,

Troy

Chuck,

On behalf of the Westover Board, I would be grateful if you could bring this email to the attention of the Chair of ANC3D, and other ANC colleagues, drawing their attention in particular to the fifth paragraph. Our Board is concerned that there could be confusion regarding the assertion that Westover Place is somehow represented by the Spring Valley Wesley Heights Citizens Association in matters before the ANC that concern our residents.

As can be seen from the attached email, Westover Place Homes Corporation, composed of 149 townhouses, is solely represented by the Board of Directors of Westover Place.

Thank you for your assistance.

Regards,

Claire Craik

Dear Tom,

I am writing for the Westover Place Homes Corporation (WPHC) Board to thank you, Jeff and Bill from the Spring Valley/Wesley Heights Citizens Association (SVWHCA) and Dennis Paul representing the Neighbors for a Livable Community (NLC) for our useful discussion on Monday May 22. We appreciate Ben's initiative to organize and host the meeting. The WPHC Board met on May 23 and discussed the goal to renew efforts of our respective associations to work together on issues of common concern. I am pleased to report that the WPHC Board unanimously agreed that it is and will continue to be important for communities and associations around or affected by AU, to work together on AU issues in a transparent and mutually agreeable manner for the benefit of our respective communities.

In WPHC's view, there are many important common AU issues of concern today and in the future, requiring all of us working together as independent representatives of our respective communities. These issues include, without limitation, a clear/legally binding cap on AU enrollment, future campus plans, evolution/enlargement of AU's footprint, security in/around our communities, traffic and environmental pollution, among others. WPHC looks forward to working with all affected groups and associations including, obviously, SVWHCA and NLC.

That being said, the WPHC Board asked me to confirm several operating principles which we feel are important. First, our cooperation must be transparent with open and clear channels of communication. Second, while we hope to work together with different neighborhood groups, there may be issues on which one or more communities have respectively a greater or lesser interest. The current WPHC negotiation with AU on the buffer and wall which separates WPHC and AU is one example. While any support of others on this issue is welcome, WPHC expects to carry the burden here and to take such actions which it, in its independently considered judgment, best advances the interests of its residents. In this specific regard, WPHC will continue for the present to work this issue through the "neighborhood collaborative" process which has been established.

Finally, I think it is important to emphasize on behalf of the WPHC Board two additional points that may be obvious but bear confirmation. First, while anyone can express his or her views on any issue in any fora, no one and no organization is authorized to speak for or represent themselves as authorized to speak for WPHC without the express and prior approval of the WPHC Board. In addition, we were surprised to hear you say that Westover Place is a member of SVWHCA, implying that the mandate and jurisdiction of SVWHCA somehow includes the WPHC community. Let me make clear on behalf of the unanimous WPHC Board that whatever view some previously had on that matter, the WPHC Board unequivocally and formally rejects and will not agree to any such structure, jurisdiction, arrangement or otherwise going forward. We therefore ask you and your members to refrain from asserting that SVWHCA includes Westover Place.

To conclude, the WPHC Board welcomes the opportunity to work with SVWHCA and NLC on issues of common concern involving AU and others. We look forward to hearing from you and working together.

Claire Craik
President, WPHC Board of Directors

COMMISSIONER TURNBULL: Yeah, we never really got
21 a list of who's a member or anything to clarify. It was such
22 a generic term. It just says we're -
23 MR. DONOHUE: Right, so what we attempted to do
24 was to talk about the number of folks that were represented
25 by the group, and then we gave you the list of those folks
6

1 that we anticipate calling as witnesses, at least the
2 preliminary witnesses.

3 COMMISSIONER TURNBULL: Could you submit for the
4 record then a list of people in the organization?

5 MR. DONOHUE: Each of the members? Sure.

6 COMMISSIONER TURNBULL: Yeah.

7 MR. DONOHUE: Sure.

8 COMMISSIONER TURNBULL: Okay, thank you.
