RESOLUTION IN SUPPORT OF THE APPLICATION TO FURTHER PROCESS THE MELTZER CENTER AND SCAN PROJECTS

Whereas American University has filed an application for further processing seeking permission to build the proposed Meltzer Center for Athletic Performance and Sports Center Annex.

Whereas this project imposes few significant burdens on residents, other than the displacement of open space presently used as a community garden by American University students.

Whereas American University has proposed providing an alternative space for use as a community garden.

Whereas improved athletic and recreational facilities benefit residents, especially American University Students.

Be it therefore resolved that ANC3E supports the application provided that American University continues according to its stated plan to relocate the community garden.

The resolution passed by a vote of 7-0-0 at a properly noticed meeting held on June 15, 2023, at which a quorum was present, with Commissioners Bender, Cohen, Denny, Gianinno, Ghosh, Hall and Quinn in attendance.
