

# Government of the District of Columbia

## Department of Transportation

August 26, 2021

**Dear Resident/ANC/Local Businesses/Property Managers:**

The District Department of Transportation (DDOT) will begin a Sidewalk Improvement project along the **north side of Garrison Street, N.W. between 3911 Garrison Street, N.W. and 39<sup>th</sup> Street, N.W.** on or about **Monday, September 20, 2021.**

This work will include installation of new sidewalk within the project limits. It is estimated to take approximately two (2) weeks to complete, weather permitting. Attached to this letter are conceptual plans of the work for your reference.

If weather conditions, schedule changes or unforeseen issues do not permit our contractor to begin this work on the date stated above, the new start date for construction will be listed on the **Emergency No Parking Signs** posted on the poles and trees throughout the construction project site.

Due to the nature of the work, curbside parking will be restricted at this location during construction. At least one lane of traffic will be maintained throughout the construction area. The contractor is allowed to work between the hours of 7:00 AM and 7:00 PM Monday through Saturday. **Please note the temporary “EMERGENCY NO PARKING” signs** displaying the date and time of the construction work **and move your vehicle if necessary.** These signs will be posted on the streets a minimum of seventy-two (72) hours before the start of work.

DDOT thanks you in advance for your patience and understanding during the construction; **if you have any questions or concerns, please contact Mr. George Branyan at [george.branyan@dc.gov](mailto:george.branyan@dc.gov) or (202)-671-2561.**

Best Regards,

George Branyan  
Active Transportation Branch Manager  
Planning and Sustainability Division  
District Department of Transportation
