To Whom It May Concern:

As ANC Commissioner for ANC3E05, I give my APPROVAL for the “after hours” permit being requested by Pepco in association with the cable splicing work that will be taking place in June at 4201 Wisconsin Avenue, NW.

I understand this work involves installing and splicing cable that will occur for 7 days, 24-hours a day and once it begins it must be done continuously until completion and is being done to commission the Harrison Substation.

Thank you for your assistance.

Sincerely,

Commissioner Jonathan McHugh
