**Re: All-Way Stop Installation at the 41<sup>st</sup> Street/Chesapeake Street/Belt Road NW intersection  
NOI #19-01-TOA**

Dear Chairperson Bender:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following modifications in your jurisdiction:

- **Install a STOP sign on 41<sup>st</sup> Street NW at its intersection with Chesapeake Street and Belt Road NW**

This modification is the result of an analysis performed by DDOT to assess safety concerns and traffic flow for vehicles, pedestrians, and bicyclists at the intersection. This analysis was initiated in response to neighborhood and ANC concerns about the sight distance and safety for all users at each approach of the intersection. Resulting from this analysis, DDOT is proposing to install a STOP sign at 41<sup>st</sup> Street NW, which is a northbound one-way street at the intersection. This installation would convert the intersection to an all-way stop condition, as the other two legs feeding the intersection, Chesapeake Street and Belt Road, each have existing STOP signs. The figure included in this document shows the overall intersection and the approximate location of the proposed STOP sign.

All comments on this subject matter must be filed in writing, no later than thirty (30) business days after the date of this notice, with the District Department of Transportation (DDOT), Transportation Operations Administration at 55 M Street, SE, Washington, D.C. 20003. Comments may also be sent via email to Julianna Wilson at [julianna.wilson@dc.gov](mailto:julianna.wilson@dc.gov). If you would like to check the status of this Notice of Intent (NOI), please visit DDOT’s website at: <http://ddot.dc.gov/service/ddot-notice-intent>.

Sincerely,

  
Leon Anderson, P.E., PTOE  
Traffic Safety Manager  
Traffic Operations and Safety Division
