

CONNIE FAN, ASLA, LEED®AP, CERTIFIED HEALTHCARE GARDEN DESIGNER

Principal, Director of Asia Market

Ms. Fan joined LSG in 1996, and currently serves as the president of the firm. Trained both in architecture and landscape architecture, her design work focuses on place making that reflects the cultural, environmental and architectural surroundings for the land. A frequent recipient of ASLA awards, Ms. Fan's designs create beautiful, memorable places, as well as enhancing real estate value. Her work includes a wide variety of projects ranging from commercial, institutional and planning projects to public streetscape revitalization. She brings energy and enthusiasm to all phases of every project, a dedicated approach with extensive benefits to the client. Ms. Fan is a LEED Accredited Professional with a focus on sustainable site initiatives and smart growth. She leads sustainable design efforts at LSG.

Outside of the office, she is actively involved with the Urban Land Institute, Tysons Partnership, McLean Planning and Zoning Committee and AIA DC.
